

High Leverage Combination Pliers

DIN ISO 5746

02 01 180 

black atrimented pliers, polished head, plastic-coated handles

02 02 180 

black atrimented pliers, polished head, handles with multi-component covers

02 08 200 US 

polished head, VDE-tested handles insulated with multi-component covers

IEC 60900DIN EN 60900

- Description
- Applications
- 35 % less effort required than with conventional combination pliers
- with cutting edges (hardness approx. 63 HRC) for heavy duty
- easier work due to high leverage design
- easier cutting, powerful gripping, bending and pulling
- long cutting edges for thicker cables
- with gripping zones for flat and round material, suitable for versatile use
- High-grade special tool steel; forged, oil-hardened
