

STAPLE SHARK

PART # 52455

The Staple Shark is a dual-ended tool! One end is used for pulling stubborn staples and the other acts as a multi-purpose pry bar. This unique tool provides easy staple pulling for any size of cable staple.

Features

- Made of hardened steel
- Includes a handy nail puller and pry bar for multi-purpose use.
- Ruler for quick on the job measurements
- Use as a quick carpenter's square
- Holds staples in tight spots and will open a beer bottle at the end of the day
