

BI-METAL HOLE SAWS

BI-METAL HOLE SAWS

Tough Bi-Metal Steel for Long Life.

- Variable tooth pitch guarantees a fast and clean cut through all thicknesses.
- Smooth cuts.
- Cuts steel, stainless steel, aluminum, nail embedded wood and more.
- Up to 1-7/8" Depth of Cut.
- Utilizes *Rapid Core Eject™ Arbor System* - rapidly eject the core, quickly change diameter, cut at an angle, and enlarge existing holes.

Material	TCT	Tarantula™	Bi-Metal
Steel & Stainless Steel		★★★★	★★
Aluminum & Non-Ferrous Metals		★★★★	★★★
Cast Iron & Hardened Alloys		★★★	★
Soft & Hard Woods	★★★★	★★	★★
Nail Embedded Wood		★★★★	★★★★★
Cement Fiber Board	★★★★	★★★	★
Drywall & Plaster	★★★	★★★★	★★★
PVC & Plastics	★★★	★★★★	★★★
Masonry, Brick & Wall Tile <i>Mohs hardness up to 6</i>	★★★★
