The Evolution of Outdoor Security

Protect your home with the world's only motion-activated security camera with built-in floodlights, a siren alarm and two-way audio, so you can see, hear and speak to anyone on your property from anywhere.

Crystal-clear HD video
Two ultra-bright LED floodlights
110-decibel siren alarm

Watch Over Your Entire Property

With object and person detection, Floodlight Cam has the most advanced motion sensors in home security. Its 270° field-of-view will let you detect motion around corners and monitor all your blind spots.

Dual sensors with object and person detection
Ultra wide-angle motion sensors
Customizable motion zones and scheduling

Simple Setup With Advanced Controls

Floodlight Cam easily replaces existing wired floodlights and connects to standard junction boxes. With the app, you can flash the lights, sound the alarm and zoom-in to focus on your most important areas.

Motion-activated camera and floodlights
App-controlled camera, lights and siren
Smart zoom with panning
