Energy-Efficient Fluorescent Ceiling Lampholder... Now Turns Lights ON/OFF Automatically

Ideal for Closets, Storage Areas, Attics and Basements
Meets NFPA® 70, NEC® Section 410.16 Requirement

Leviton has expanded its line of Compact Fluorescent Ceiling Lampholders for closets and closed spaces to include this occupancy sensor version. Fluorescent lighting is the energy-efficient alternative to incandescent fixtures. Our new Occupancy Sensor Fluorescent Ceiling Lampholder incorporates today's most wanted features and meets NFPA® 70, NEC® Section 410.16 Requirements. Designed to reduce the risk of fire in closets, it can also be utilized in open spaces. Suitable for all areas of the home, it automatically senses movement to turn lights ON and is easy to install with pigtail leads and knockout holes for multiple box configurations. Sold with 13W lamp and lamp guard.

Applications

- Install in closets, workrooms, basements, storage areas, utility rooms and attics
- Suitable for indoor use only
- Remote switch application with VP0SR-10 (Vizia + Remote Switch)
- Lights turn ON automatically when motion is detected and OFF after 3 minutes of inactivity
- Green LED indicator light blinks when motion is detected
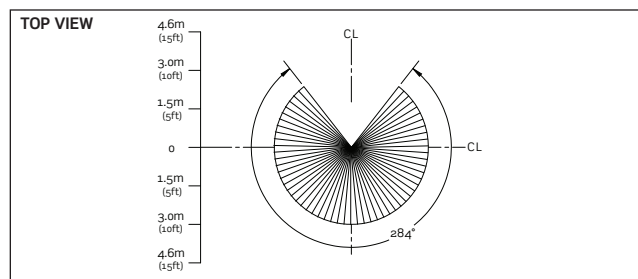

energy
ENERGY STAR

Features and Benefits:

- 13W GU24 Squat Base Lamp
