For instant heat, choose Pulsair

You are looking for a small, quiet and efficient forced-air unit that will perfectly blend with your decor? The Pulsair is the answer! This fan heater stands apart from its competitors thanks to its low sound level, high quality parts, small size and many installation options. Since the ARWF is only 2 3/8 in. deep, it is the ideal solution for hard-to-heat locations. Offered in different models with two ventilation levels (40 or 75 cfm), it is the perfect choice to quickly heat small rooms like bathrooms, kitchens and halls. In addition, its efficient fan creates a constant air movement that ensures your absolute comfort. The Pulsair is a little-known gem which you could no longer live without!
