DW3HL-1BW

Leviton Decora Smart Wi-Fi Plug-in Dimmer, Dimmable LED and CFL loads up to 100W and Incandescent loads up to 300W. Works with Amazon Alexa and Google Assistant, No Hub Required.

Schedule or dim your plug-in lamps from anywhere. Control connected loads and lights using the free My Leviton app for iOS and Android, no hub required. Simplify control of the residence - schedule lights and connected loads to turn on/off at specific times or based on sunrise/sunset, easily group smart devices into rooms, and create scenes to activate multiple lights at once.

Customize your experience with adjustable fade rates, maximum/minimum illumination levels, and more if desired. Supports LED and CFL technologies up to 100 Watts along with support for legacy incandescent lighting loads up to 300 Watts. Reduce energy consumption, provide dramatic scene transitions, and utilize the wireless affordable plug-in for table and floor lamps.

Decora Smart devices are designed for countries which follow NEMA standards including the United States, Canada and parts of South America.

MEET THE FAMILY

Scroll to see features of this product, or [click here](#) to learn more about Decora Smart.

WORKS WITH NEST

Use any Nest device to act as a lighting trigger. Illuminate the porch upon motion detection, blink lights during an alarm, or turn all lights off when away – automatically.

AMAZON ALEXA VOICE CONTROL

Compatible with all products that support Amazon Alexa providing voice control of the load: "Alexa, dim living room lights to 25%". Alexa devices (including Echo, Dot, and Tap) sold separately. [Learn how to pair your Decora Smart™ devices to your Amazon Alexa device.](#)

GOOGLE ASSISTANT VOICE CONTROL

Utilize Google Home, a voice-enabled speaker powered by the Google Assistant, to easily control smart devices as well as interior and exterior lights around the home. "Ok Google, turn [Everything] On/Off" [Learn how to pair your Decora Smart™ devices to your Google Assistant device.](#)

NO HUB REQUIRED

If you have Wi-Fi and a smartphone, you can now have a smart home! No hubs, gateways, controllers, or systems required. Simply install your devices, download the app, and start controlling/automating today. Add additional Decora Smart Wi-Fi devices at any time to expand your eco-system.

LOW-WATTAGE LED LOADS

The new lighting control accessories are engineered to function with extremely sensitive, low-wattage light sources, such as a single LED bulb in a hallway or a strand of holiday lights, ensuring LEDs do not glow when off.

Features and Benefits

BENEFITS

- Control your lights from anywhere using the free My Leviton app for iOS and Android, no hub required.
- Voice Control using Amazon Alexa and Google Assistant devices (sold separately).
- Works with Nest – automate lighting based on cameras, thermostats, sensors, and alarms.
- Integrate with IFTTT, utilize auto-shutoff in closets, hallways and bathrooms; plus engage home vs. away to enact randomization of lighting control.
- Simplify control of your home - schedule lights and connected loads to turn on/off at specific times or based on sunrise/sunset, easily group your smart devices into rooms, and create scenes to activate multiple lights at once.
- Designed and engineered in USA; the complete solution (hardware, app and cloud) is manufactured by Leviton

FEATURES

- Button for manual control and dimming
- Transient surge protection to IEC Level 4
- ESD protection to IEC 1000 4-2 Level 4 to protect against damage
- Green LED locator
- Provides manual ON/OFF
- Provides ON/OFF scene and zone control compatibility
