120V Track Current Limiter - Double Live End

ASHRAE 90.1 and California Title 24

- Easy to install and assures compliance to California Title 24 or ASHRAE 90.1 requirements
- Energy code track installations are subject to wattage limitations based upon the size and usage of the space
- The Track Current Limiter may be mounted as a standard canopy, used in place of an "I" connector or as a Live-end.
- If the track is overloaded, the Current Limiter circuit breaker will trip and shut down power to the track.
- The device maybe reset when the overall sum of fixture wattages are reduced below the circuit breaker rating.
- May be mounted as a standard canopy, used in place of an "I" connector or as a live-end
