Color : Clear

Device Type : Toggle Switch

Feature : Illuminated

Grade : Residential

Grounding : Grounding

HP Rating : 1/2HP-120V

Illumination Color : White

LED Color Temperature : 6000K

Max. Amperage : 12 Amp

Pole : 3

Voltage : 120 VAC

Material Specifications

Actuator Material : Thermoplastic

Body Material : Thermoplastic

Strap Material : Steel

Mechanical Specifications

Terminal Accom. : Side Wire #14-#12 AWG; Quickwire #14 AWG Solid copper wire only

Termination : Side Wire, Quickwire Push-In

Torque Range : 14 – 18 in.-lbs

Type : LED Illuminated Switch

Standards and Certifications

NOM : NOM

UL Standard : cULus

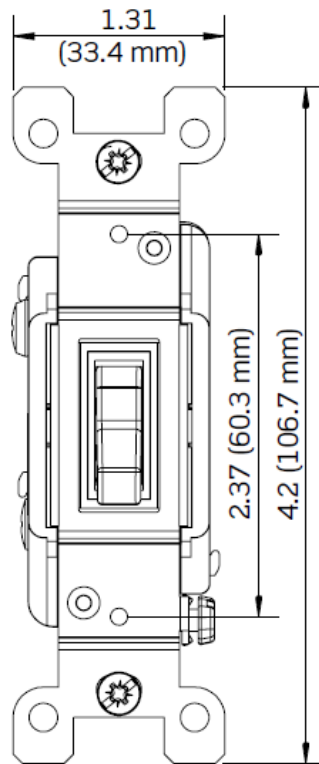

Warranty

Warranty : 2-Year Limited

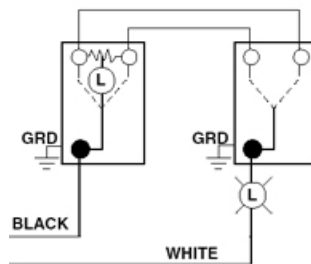

Features and Benefits

- Designed to work with LED, CFL and incandescent bulbs, no neutral required
- Switch remains illuminated in the OFF position, so it is easy to locate in a dark room
- White LED light inside the switch provides a refreshed and modern appearance
- Replaces any standard switch
- Toggle model compatible with traditional Toggle wallplates, wallplates sold separately
- Features Quickwire push-in and Side wiring for easy installation
- Quickwire push-in terminals accept #14 AWG solid copper wire only
- Side wire terminal screws accept up to #12 AWG copper or copper clad wire

- Ideal solution for bathrooms, bedrooms, hallways, staircases, basements, laundry/utility rooms and garages.
- Limited 2-year warranty
- **CAUTION:** To clean use a damp cloth with mild soap. DO NOT use disinfecting products, including foggers, sprays, or other types of atomized cleaning agents
- **NOTE:** In Canada, a general-use switch does not require attachment to a grounding/bonding wire when installed in a grounded/bonded flush device box
