DESCRIPTION

The Endurance wall pack collection features a patent pending design for water and dust proofing, encased in an IP66 Rated factory sealed light engine. Thermally engineered for up to 100,000 hours of rated life, the Endurance virtually eliminates any need for maintenance once installed. LED technology offers superior alternatives to conventional Halogen and HID sources. With factory sealed die-cast aluminum housings, the Endurance collection is sure to provide lasting worry-free performance for years.

FEATURES

• Detect motion to control on/off
• Intelligent motion control of luminaires based on occupancy
• The double hinge structure allows users to aim the sensor in any position they want.
• Can be mounted on a canopy or on a lighting fixture.
• Built-in adjustable timer allows automatic shut off after the sensor coverage area is vacated
• Maximum time delay is 5 minutes, minimum is 5 seconds
• Designed for outdoor (wet location) or indoor application
• Recommended ambient temperature is -20°C (-4°F) to 50°C (122°F)
• 5 year warranty

FINISHES

Black Bronze Gray White
