

NM100 – Remote Stations and Door Speakers

NuTone® remote stations fill your home with music... indoors and out!

Use up to 15 remote stations when retrofitting a 4-wire system, and 13 remote stations when retrofitting a 3-wire system • Supports up to three door speakers • Talk from any station to all other stations and 'Master' • Answer door from any station or 'Master' • Control radio from remote stations; turn 'on/off', select radio memory channels • Control music and intercom volume using built-in control • Built-in radio tuner allows setting 8 AM and 8 FM stations

NRS103WH – Indoor Remote
NPS103WH – Outdoor Remote

NRS104WH – Indoor Remote
NPS104WH – Outdoor Remote

NR380WH – Indoor Remote (4-wire system only)

NRS103WH – Indoor Remote Station NPS103WH – Outdoor Remote Station

Retrofit for 3-wire intercom systems.
Both Remote Stations are designed for retrofit use with the NM100 'Master.' They feature local volume control, door talk/listen and room talk buttons, audio source selection, audio source on/off, source audio volume control and selection of radio memory channels.

NRS104WH – Indoor Remote Station NPS104WH – Outdoor Remote Station

Retrofit for 4-wire intercom systems.
Both Remote Stations are designed for retrofit use with the NM100 'Master.' They feature local volume control, door talk/listen and room talk/listen buttons, audio source selection, audio source on/off, source audio volume control and selection of radio memory channels.

NR380WH – Indoor Remote Station

The NR380WH Indoor 8" Remote Station is designed for retrofit indoor use with the NM100 'Master' in 4-wire installations only. This remote station features a volume control, talk and listen buttons, audio input and radio station scan buttons, and radio, CD, or auxiliary audio volume control buttons.

NDB300 Series Door Speakers

This line of Door Speakers have a voice communications interface that mounts adjacent to an entry door. Two-way voice communication with the resident occurs through the unit's built-in speaker. The door station mounts recessed in the wall using an NRKR300D Door Speaker Rough-in. This series of door speakers are for use with the NM100 and NM200 'Master' stations only.

Finish Options:

NDB300AB – Antique Brass finish
NDB300BB – Bright Brass finish
NDB300N – Nickel finish

The NM100 3-wire remote stations are designed to work with NuTone® IWA3 3-wire flat ribbon cable. The NM100 4-wire remote stations are designed to work with NuTone® IWA4 and M&S 4-wire flat ribbon cable, NuTone® NWA5 shielded 4-wire cable and M&S MS4XSC shielded 4-wire cables. The door speakers are designed to work with NuTone® NWA5 and M&S MS4XSC shielded cable. Using these cables enables full system performance and minimizes outside interference, dimmer noise, radio frequency interference and other reception problems. If wire other than NuTone® specified wire is used in the installation of a NuTone® Radio Intercom, the Warranty shall not be applicable to any defects or problems relating to the use of non-NuTone® specified wire.
