

NC300 CD Changer

Shown with NM200WH 'Master' Station. Also may be used with NM100 'Master' Station.

Play Your Favorite CD or an Entire Collection

The NC300 CD Changer is a multi-disc compact disc player that connects to the NM200 or NM100 'Master' Station to play back your favorite audio CD's. The CD changer mounts below the 'Master' unit and contains a slide in CD magazine that can hold up to 6 Compact Discs.

Five CD playing modes are available:

Normal - Plays CDs and tracks sequentially

Repeat Song - Repeat the current track

Repeat Disc - Repeats the current disc from the beginning

Random Disc - Randomly play tracks from the current disc

Random All - Randomly play tracks from all CDs

Next Disc, Previous Track, Play/Pause, and Next Track pushbuttons control the changer while playing. The NM200 and NM100 'Master' unit display shows the disc number selected and the track number currently playing. (Not for use with CD-R and CD-RW discs)

'Master' station LCD screen displays CD and system information.

NC300 is available in both white (NC300WH) or almond (NC300AL) finish.

NM200 and NM100 Volume Control and Speakers

NA300MCWH

NS382CWH

NS382OBL

NS382OWH

NA300MCWH – Volume Control

The NA300MCWH Volume Control (White) mounts in a single-gang J-box and includes a standard white wall plate. The volume control is designed for 45-ohm intercom speakers in the NM line of intercoms.

NS382CWH – Indoor 8" 2-Way In-Ceiling Intercom Speaker

The NS382CWH In-Ceiling Intercom Speaker is an 8", 2-Way 45-ohm, recessed speaker designed for use with NM intercom systems. The speaker frame is white with a white metal grille. No rough-in frame is required.

NS382OWH – White Outdoor 8" 2-Way Intercom Speaker

NS382OBL – Black Outdoor 8" 2-Way Intercom Speaker

These Outdoor Intercom Speakers are 45-ohm, 2-way, weather-resistant cube speakers. The speaker pair is supplied with an aluminum hanger bracket and hardware.

Intercom Speaker Options for NM100 and NM200

Order Rough-in PLUS finish kit to make a complete unit.
