# LEDUR LED Under Cabinet

## Edge-Lit Technology
## 120V Integral Dimmable Driver
## 90+ CRI

LEDUR LED Under Cabinet lights utilize edge-lit technology, eliminating the diode image and providing smooth, uniform reflectance of light without the hot spots generated by direct view mounted LEDs. Excellent for undercabinet lighting over granite, polished stone, quartz or any reflective surface. The LEDUR mounts quickly with captives screws and electrical quick connects. Completely dimmable and linkable the LEDUR is available in various lengths and in 2700K, 3000K and 4000K temperatures at 350+ lumens per foot and 90+ CRI.

**90+ CRI**

## FEATURES

· Edge-lit design eliminates diode image
· Excellent color rendition - 90+ CRI
· 350+ Lumens and 7 Watts per foot average
· Exceeds California Title 24 high efficacy requirements
· 2700K, 3000K (Warm) and 4000K (Cool) color temps
· Available in 5 lengths from 8-3/4" to 32-3/4"
· Low 1" depth by 3-1/2" width
· Dark Bronze or White finish
· Frosted Lens
· Built-in On/Off switch
· 120V Dimmable
· Linkable up to 400 Watts
· 3-Wire grounded electrical port on both ends for power or linking
· Can be directly hardwired with Romex™ feed
· Each unit includes Romex™ Connector and End-to-End Connector
· Includes Stab-In quick connectors
· Easy to mount with captive screws
· Integral electronic driver
· 50,000 hours rated lamp life
