

P7R

Grab and go with Floating Charge Technology

The P7R is one of Ledlenser's best-selling flashlights. Perfect for everyday or on-the-job use, this 1,000-lumen handheld light can cast an extremely powerful beam distance of up to almost 700 feet, and has a run time of up to 40 hours on low power mode. You can program individual light functions thanks to Smart Light Technology, and the P7R comes with Ledlenser Advanced Focus System, which allows you to quickly go from a close-up wide flood beam to a sharply focused long-distance beam, so you can direct light where you need it most. Thanks to its unique Floating Charge system, the P7R charges back up quickly in its wall-mounted charging cradle, which allows you to be prepared for any scenario.

Technical Details

Ledlenser P7R

LED

LED Configuration	1 x Xtreme LED
Luminosity ¹	MAX 1000 lm - MIN 20 lm
Lighting Range ¹	MAX 210 m - MIN 40 m
Battery Duration ¹	MAX 40 h - MIN 2 h

Battery and Casing

Battery	1 x 18650 3.7V
Battery Capacity ²	8.14 Wh
Water Resistance	IPX4
Rechargeable	Yes

Height and Weight

Length (defocused)	158 mm
Head Diameter	37 mm
Weight	210 g
