

120V TRACK ACCESSORIES
Suspension Kit/ Swivel Adapter/Adapter Kit
Track Suspension Kit

MODEL	Length	FINISHES				
SK18	18"	BK	BN	DB	WT	PT
SK24	24"					
SK36	36"					
SK48	48"					

 Example (model-finish): **SK24-WT**

Description Used to suspend any of our line volt track systems from a ceiling or dropped ceiling. Kit consists of a ceiling canopy, down rod and track bracket. Canopies come with hardware to mount to either a junction box or ceiling surface. Drop grid ceilings require T-Bar clips. Rod allows power feed wires (up to three 12 gauge wires) through the center, and supports the weight of the track. Rods should be positioned over a power component such as a live end or "I" power connector.

Finish **BK - Black** **DB – Dark Bronze**
WT - White **BN – Brushed Nickel**
PT - Platinum

Listing UL & CUL Listed. 5 year WAC Lighting product warranty.

Swivel Adapter

MODEL	FINISHES				
SK14	BK	BN	DB	WT	PT

 Example (model-finish): **SK14-WT**

Description Swivel adapters allow suspension rods to drop straight from a sloped ceiling. Adapter is installed between the canopy and down rod. Can accommodate three 12 gauge wires.

Finish **BK - Black** **DB – Dark Bronze**
WT - White **BN – Brushed Nickel**
PT -- Platinum

Listing UL & CUL Listed. 5 year WAC Lighting product warranty.

Adapter Kit

MODEL	FINISHES				
SK05	BK	BN	DB	WT	PT

 Example (model-finish): **SK05-BK**

Description Adapter kit for field cutting of suspension rods. Allows height adjustment without re-taping. One kit of 2 required for each down rod.

Finish **BK - Black** **DB – Dark Bronze**
WT - White **BN – Brushed Nickel**
PT - Platinum

Listing UL & CUL Listed. 5 year WAC Lighting product warranty.
