

LED STRIP series

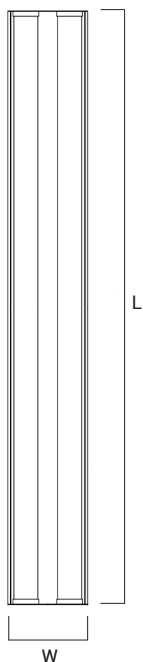

Linear Fixture

The LED STRIP series is a versatile, economical strip luminaire that combines a traditional, fluorescent tube look with energy-saving LED technology. It is available in both 2 ft (10W or 18W) and 4 ft (18W or 35W) models, making it extremely versatile for use in various general-purpose lighting applications.

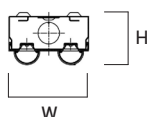

Specifications

Side View:

Housing	Powder coated steel white
Lens	Polycarbonate
Input Voltage	120-277V AC
Input Frequency	60Hz
Power Factor	>0.9
Dimmable	Non
CRI	80
CCT	Tunable 30K, 40K, 50K
Efficacy Lm/W	70-71
Operating Temperatures	20° to 104° Fahrenheit
Environment	IP 54 damp location
Rated Life	50,000 hours
Certification	ETL, Energy Star
Warranty	5 year limited

MODEL	DIMENSIONS	WATTS	LUMENS
GBVL010	L 24" - W 2" - H 2"	10	700
GBVL008	L 24" - W 3.2" - H 2"	18	1,350
GBVL011	L 48" - W 2" - H 2"	18	1,300
GBVL009	L 48" - W 3.2" - H 2"	35	2,500

Options

- Mounting options include surface and suspended
- Available with on/off sensor
- Available with emergency battery backup

ORDERING GUIDE				
SERIES	MODEL	CCT	EMERGENCY POWER	CONTROL
GBVL0	10 (2ft 10 watt)	CCT (Tunable)	EMP (90 min emergency power)	HFSR (Occupancy sensor)
	08 (2ft 18 watt)			
	11 (4ft 18 watt)			
	09 (4ft 35 watt)
